<b>Author:</b>	<b>Dr Reinhart Waneck</b>		

The main problem for our organization (VLKÖ - AAMH) is that we get more and more "invisible" in the Austrian Health system:

1st because we was not included in the negotiations concerning the new law of working Time.

2nd there is the policy to reduce the influence of the Senior Hospital Doctors in decisions making but in the same time to keep the full responsibility for everything.

This leads to a reduced number of qualified Doctors how are interested in such positions. This leads to a cut down not only for the quantity but also for quality.
