EUROPEAN COMMISSION  
Employment, Social Affairs and Inclusion DG  
Employment  
Working Conditions

To the attention of:  
Mr Adam Pokorny  
Head of Unit

**Subject: EU-Pilot 8414/16/EMPL**

Dear Mr Pokorny,

Following the recent EU Commission document concerning the correct enforcement of the Working Time Directive, I need to communicate, upon request of the National Doctors' Trade Unions, that, in spite of the official declarations of enforcement of the EWTD, the Italian and Romanian governments do not really apply it, due to programmed, intentional delays in hiring the necessary workforce.

This is a clear violation of the Directive and of the recommendations of the Commission.

We ask once again the action of the Commission towards the Italian and Romanian Governments.

In annex, please find two documents concerning the lack of enforcement of the Directive in many areas of the countries.

Looking forward to hearing from you,

Enrico Reginato  
FEMS President
