FEMS Scopes and Mission

The scopes of FEMS are, in the first place, to:

- improve working conditions, safety conditions, hygiene and health conditions of doctors;
- ensure a humane and sustainable working time of doctors;
- improve the payment and compensation for the work and reducing inequalities across EU;
- follow the rules of the medical professional responsibility and protection against professional risks;
- ensure high standards of the medical professional responsibility and protection against professional risks;
- participate, execute and control the health policies, in particular at the European level;
- promote collective bargaining;
- cooperate in the concerted actions with national or international doctors' representative organizations.
